### Flood Map Info

All Flood Insurance Rate Maps (also known as FIRMS) consist of Old Firm Maps and New Firm Maps that are stored in the Office of the Construction Official located at Town Hall. You can come into the Construction Office to view these FIRM maps Monday through Friday between 8:30am and 2:30pm.

These FIRM maps are dated starting from 1983 and go up to our current FIRM map from 2006. We also have a copy of the 2015 Preliminary FIRM Map.

This service is available to all Barnegat Township Residents. If you need further information or would like to view any FIRM maps, please feel free to contact me at the number or email listed below.

Sincerely,

Louis F. Fischer  
Barnegat Township  
Construction Official  
CFM/CRS Coordinator/Floodplain Administrator
